

# MICROLite **WET** Series

Water Resistant LED Ribbon

## Features

- LEDs in White, Warm White, Red, Blue & Green
- 120° Light Output
- 20' roll can be cut to 3 LED lengths
- Flexible coated PCB ribbon design
- Use **SNAPtrac** kit with **EZtac** adhesive application
- Dimmable with **POWERdim** power supplies
- Manufactured under ISO9001/2000
- ETL Listed
- Rated life: 15-20 Years
- 3 Year Warranty

Coated water resistant casing

## Specifications

- ⊕ Kelvin Color Temp Range: 2700 K° - 3000K° - 4500K° - 6000K°
- ⊕ Wattage: 2.25W per foot
- ⊕ Light Output: 180 LED Lumens per 1ft. length
- ⊕ Voltage: Typical system operating voltage ~12V DC
- ⊕ Materials: Flexible coated PCB ribbon design
- ⊕ Dimmable: With **POWERdim** power supplies
- ⊕ Available 20' length rolls. Consult manufacture for custom lengths
- ⊕ Size: 3/16 thick x 5/16" wide
